

HEALING AT THE SPEED OF SOUND™

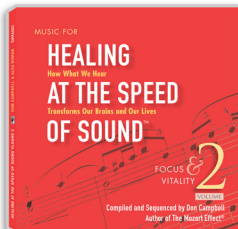

MUSIC DESCRIPTIONS

Bestselling author and musician, **Don Campbell** and **Alex Doman**, founder of Advanced Brain Technologies have created this unique compilation of fine music as a companion to their book *Healing at the Speed of Sound*.™

Calm & Relaxing

Volume 1 is an assortment of gentle and soothing world music from a repertoire including Native American and Japanese traditional flute music, light jazz, classical and romantic styles as well as Celtic song. This collection creates a soothing sanctuary which brings peace and balance.

Focus & Vitality

Volume 2 offers two distinct and enjoyable listening experiences through classical, baroque, and contemporary music that will sharpen your mental abilities by stimulating your brain through specially chosen frequencies, tempos, and musical structure.
